All capitalized terms not defined in these Terms shall have the same meaning as in the Client Services Agreement. All matters not covered by these Terms shall be resolved according to the Client Services Agreement.

2. Specific KickStart Bonus Terms

2.1. The KickStart Bonus is a deposit bonus, which is a percentage of the deposited sum that can be received when the Client makes a first deposit from their Client Area.

2.2. The KickStart Bonus is available for all the Company's Clients who have an open real trading account with the Company.

2.3. The Client can receive the KickStart Bonus at 100% of the deposit amount for their first deposit.

2.4. The minimum deposit for the Client to obtain the KickStart Bonus is 50.00 USD. The amounts of deposits are not summed, the KickStart Bonus can be received only on the one-time deposit. For example, the client deposits 25.00 USD and 25.00 USD, this will not be considered as 50.00 USD for the purposes of this KickStart Bonus. Deposits made using any available payment system participate in this KickStart Bonus.

2.5. The KickStart Bonus will not be added to internal transfers and to deposits from contests/promotions of the Company.

2.6. The maximum size of the KickStart Bonus the Client can receive is 1 000.00 USD. The Client can only receive one such KickStart Bonus. KickStart Bonus can be obtained only on one trading account.

2.7. The KickStart Bonus will be available on such trading account types as the Company shall determine from time to time. In order to obtain the KickStart Bonus, the Client shall contact the Company via support@marketsvox.com and indicate that he would like to apply KickStart Bonus to the trading account once the deposit is completed, and the Company will assess whether it can apply it to the Client's trading

account type. By applying to receive the KickStart Bonus, the Client acknowledges that he have read, understood, and accepted these Terms.

2.8. In case the Client has an active KickStart Bonus on their account, all their funds are divided into two parts: the Client's own funds and the bonus funds. The Client's own funds consist of their deposits less withdrawals (excluding bonuses) and the profit they receive when trading using these funds. The Client's own funds can be used in trading without any limitations. The bonus funds are reflected on the trading account in the field "Credit" and can be used as additional margin for trading.

2.9. The KickStart Bonus funds can't be used during 'drawdown'. If the Equity on the trading account is less than the total sum of all active bonuses, that is less than Credit, KickStart Bonus will be cancelled and removed from the account.

2.10. The KickStart Bonus received can become available for withdrawal only after the Client trades the trading volume (in standard lots) equal to: $\langle \text{Number of lots} \rangle = \langle \text{The KickStart Bonus sum in USD} \rangle / 2$. For this purposes, only closed transactions are counted on Forex and Metals only. Orders closed before the deposit on which the KickStart Bonus was applied are not counted for the requirements of this paragraph.

Example: Client received \$500.00 of KickStart Bonus. In order to convert it from credit to balance, the Client would need to trade 250 standard lots (of Forex and Metals only). Client traded 5 lots on USDJPY and 5 lots on EURGBP, so the total is 10. Client needs to trade 240 more lots to fulfil this requirement.
